Subject: Re: Repost Permission

Jan (for Tri-Media and Pike Online Inc) has authorized single use permission to use this article on your website (with appropriate credits, of course). If you need anything else or want to send news to be reviewed for publication just let us know. But a couple words of note -- The old news articles (previous to Aug 2002) may be moving into the database eventually, but it is not currently the highest priority as all that was done by hand in html and needs a lot of work to be archived properly. It is not currently even searchable, so we cannot easily find something if we need it yet. So as you already have a copy of the article you are in luck. But for other stuff, it may or may not be practical, but dont be afraid to ask anyway.
